Great. We still need to find time for a pre-meet. I will try to get the time right before this to do a pre-meet. So, hold the 3 pm hour as well. Thanks

Late in the afternoon eastern time works best for us. Like maybe 4 pm Eastern?

Collette,

We would prefer to have a call because at least one of the attorneys assigned to this matter will not be able to attend in person. We are free for a call on July 18 in the afternoon. Can you please let me know if Plaintiff would be available on that day and during that time period, and if so, when?

Hi Brett and Mark,

Could we please schedule a follow-up call in the next week or two? In the last call you suggested that you'd have more information by the end of June.

Thanks,

Collette, Kirsten:

Pursuant to Para. 6 of the amended settlement agreement in *CBD v. FWS*, we'd like to schedule the next regular update conference call regarding the status of the five pilot pesticide consultations.

Throwing something of a Hail Mary pass here, but would either next Wednesday sometime between 10-12 EDT or next Thursday at 11 EDT work for CBD and Intervenors? We still need to confirm those times with Service staff, but I thought I'd check with you both at the same time. If those times don't work, please let me know what your availability looks like over the next 2-3 weeks.

Thanks.
